EXPERIENCE

📌 Design of group website page

📅 April 2019 📍 Shanghai University

- Building the website of our research group to show the information of news, people, projects and so on.
- Designing the conference website page which include a registration form.
- Learning about html / css / javascript

📌 Internship of Biostatistics Assistant

📅 July 2018 - August 2018 📍 dMed Biopharmaceutical Co., Ltd.

- Understood the company system and workflow.
- Learned how to use SAS, Python, and R to do statistics for clinical data.
- Gained the knowledge about biomedical industry

📌 Cruise part-time job

📅 March 2016 - August 2016 📍 Wusong port, Shanghai

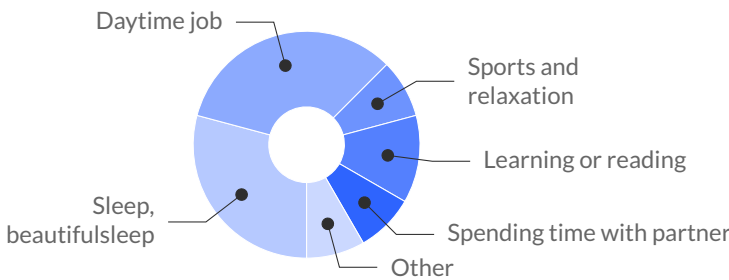

- Scanning passport information, managing luggage, and also other services
- In order to earn living expenses
- Making some friends who also did this job

📌 Natural Museum Volunteer

📅 April 2016 📍 Shanghai

- Providing explanatory services for visitors
- Increased knowledge about natural history
- Enhanced communication skills

A DAY OF MY LIFE

TECHNICAL SKILLS

Machine learning Data Analysis
Website design MongoDB html / css

Excel SQL & SAS LaTeX Linux

Python

C/C++

Excel

SQL

SAS

LANGUAGE

- English CET6
- Chinese Mother tongue

EDUCATION

B.Sc in Applied Physics

Shanghai University

📅 September 2012 - July 2016

- GPA 3.0/4.0

I have mastered the basic knowledge of quantum mechanics, solid state physics, statistical physics, circuit analysis and so on.

Ph.D. candidate in Physics

Shanghai University

📅 September 2016 - Now

- Research Field

Computational Chemistry: simulation vibrational features in spectra such as Infrared spectra with computational software tools.
