## PROJECTS

Nitroxide spin labels - MTN

ICQMS

- For calculate proteins with MTN, we mainly do three parts in phenix. Ready\_set, refine, and polder maps. After those step, we can use our data to justify other proteins which contain MTN and help it get a better structure.

## A DAY OF MY LIFE

## MY LIFE PHILOSOPHY

*"When there's time for despair, it's better to have a good meal and sleep."*

## MOST PROUD OF

🏆 Academic Scholarship  
Second Prize

❤️ Characteristic dormitory of  
Shanghai University

❤️ Youth video of Master student  
Third Prize
